RE: Support for the City of Bellingham GCCM Project Application for the Post Point
Wastewater Treatment Plant Improvements

Dear Mr. Dixon:

I am pleased to support the General Contractor/Contract Manager (GCCM) project delivery system for the Post Point Wastewater Treatment Plant Improvements project in Bellingham, Washington. The nature of the project is well suited to the GCCM process and will help deliver a quality project for the taxpayers of Bellingham. Our City Council has been briefed on the GCCM process and supports this delivery method for the project.

Thank you.

Sincerely,
