**Re: Meadowdale Middle School**

Dear Mr. Peters:

The Capital Projects Advisory Review Board's Project Review Committee has determined that the Edmonds School District has met the criteria established in Chapter 494, Laws of 2007, (2SHB 1506) for public body Project Approval.

The Edmonds School District is hereby authorized to utilize the General Contractor/Construction Manager alternative contracting procedure for the Meadowdale Middle School project located in Edmonds, Washington.

Under the terms of the law you will be required to submit project data to CPARB during the delivery of the project. Please identify your point of contact for supplying required project data information to CPARB staff person, Adam Lawrence, at [ALawren@ga.wa.gov](mailto:ALawren@ga.wa.gov). Your point of contact will be notified when CPARB's data collection system is ready for input.

Managing multiple phases and tracking the MACC will be a challenge. We recommend you clarify the Site work phasing for the GCCM RFP and interview process.

Congratulations on the approval of your application and good luck with your project!

Please contact Bob Dixon at (360) 902-7265 if you have any questions regarding this process.

Sincerely,
