Seattle, WA 98104

**Re: Public Body GC/CM and DB Re-Certification Determination**

Dear Ms. Locke:

The Capital Projects Advisory Review Board's Project Review Committee has determined that the City of Seattle has met the criteria established in RCW 39.10 for public body GC/CM and DB certification. As of September 23, 2010 the City of Seattle is re-authorized to utilize GC/CM and DB contracting procedures for projects with a total project cost of ten million dollars or more for a period of three years.

The City of Seattle's re-certification will extend through January 3, 2014. A new application for certification will need to be submitted to the Project Review Committee at least three months prior to the above noted expiration date.

Under the terms of the law you will be required to submit project data to CPARB during any GC/CM or DB project undertaken with this certification as well as any other project over \$5 million. Please identify your point of contact for supplying required project data information to CPARB staff person, David Edison, at [david.edison@ga.wa.gov](mailto:david.edison@ga.wa.gov)

Congratulations on the approval of your application.

Please contact Bob Dixon at (360) 902-7265 if you have any questions regarding this process.

Sincerely,

A handwritten signature in blue ink that reads "Penny Koal".

Penny Koal, Chair  
Project Review Committee
