**Re: Public Body GC/CM Re-Certification Determination**

Dear Mr. Leonas and Mr. Bloom:

The Capital Projects Advisory Review Board's Project Review Committee has determined that Washington State University has met the criteria established in RCW 39.10 for public body GC/CM certification. As of September 23, 2010 Washington State University is re-authorized to utilize GC/CM contracting procedures for projects with a total project cost of ten million dollars or more for a period of three years.

Washington State University's re-certification will extend through July 26, 2013. A new application for certification will need to be submitted to the Project Review Committee at least three months prior to the above noted expiration date.

Under the terms of the law you will be required to submit project data to CPARB during any GC/CM project undertaken with this certification as well as any other project over \$5 million. Please identify your point of contact for supplying required project data information to CPARB staff person, David Edison, at [david.edison@ga.wa.gov](mailto:david.edison@ga.wa.gov)

Congratulations on the approval of your application.

Please contact Bob Dixon at (360) 902-7265 if you have any questions regarding this process.

Sincerely,

A handwritten signature in blue ink, appearing to read "Penny Koal".

Penny Koal, Chair  
Project Review Committee
